

## "ANOTHER DIME POORER"

- Verse 1: I sit here a drinking, trying to make a livin'  
Travelin' from town to town, just a gamblin'  
I spend money but I'm no richer  
Another dime spent, Another dime poorer
- Verse 2: I don't have a life it's plain to see  
Living life as careless as can be  
There's no cure for this fever  
Another dime spent, Another dime poorer
- Chorus: Will I ever strike it rich, I wonder all the time  
My lucks gotta get better sometime  
It seems the rich always get richer  
And I keep getting another dime poorer
- Verse 3: I've tried settleing down but it's not for me  
If I can't support myself how can I support a family  
I keep getting deeper and deeper in this liqueur  
Another dime spent, Another dime poorer
- Chorus: Will I ever strike it rich, I wonder all the time  
My lucks gotta get better sometime  
It seems the rich always get richer  
And I keep getting another dime poorer
- Add: It seems the rich always get richer  
And I keep getting Another Dime Poorer
