

## "But I Guess It Doesn't Matter Anymore"

Verse 1: Well I've tried to tell you how I feel  
But I guess it doesn't matter anymore  
So I'm travelin' here and there, searchin' for a meal  
But I guess it doesn't matter anymore

Chorus: Oh well you thru me out  
And told me you didn't love me  
Now I'm as lonely, as can be  
Oh what did I do to be thrown out the door  
Well, I guess it doesn't matter anymore

Verse 2: Well you took everything that I own  
And left me so..dog gone poor  
So here I sit, all alone  
But I guess it doesn't matter anymore

Chorus: Oh I guess I should get  
On with my life  
But I can't stop thinkin' of my wife  
Don't know what I'm gonna do to make her love me more  
But I guess it doesn't matter anymore

Verse 3: Well I see you with someone new  
I wish it could be like it was before  
When I see you with him it makes me so blue  
Well I guess it doesn't matter anymore

Chorus: Well I won't forget you  
You were my first...love  
Just like the moon remembers the stars up above  
So I guess I'll go on, like I did before  
Cause it doesn't really matter anymore

Add: No, it doesn't really matter anymore  
Well it doesn't really matter anymore
