

"Come Back Home"

Verse 1: I'm sorry for treating you this way
I didn't know what I was sayin'
But you left me for another yesterday
And now all I'm doin' is prayin'

Verse 2: I'm praying for the day that you'll come back to me
I hope that it will not be long
I'm so in love with you darlin' can't you see
That's why I'm writing this song

Chorus: If I told you, that I love you
It's so hard for me to be alone
Cause I need you so, yes I do
So baby please won't you Come Back Home

Verse 3: Well, I'm turning toward the bottle day by day
(And) I think about you all the time
And I'm spending all my time and all my pay
Just hopin' that you'll be mine

Chorus: If I told you, that I love you
It's so hard for me to be alone
Cause I need you so, yes I do
So baby please won't you Come Back Home

Verse 3: Well, I'm turning toward the bottle day by day
(And) I think about you all the time
And I'm spending all my time and all my pay
Just hopin' that you'll be mine

Add: Just hopin' that you'll be mine
Just hopin' that you'll come back home
