

Key of "C"

## "Every Time I Look In Your Eyes"

Verse 1: Every time I look in your eyes, ah...the feeling inside  
Is like nothing I can explain, oh...it fills me up inside  
Don't you know the way I feel, about you dear  
When I'm caressing you...Oh, so near

Chorus: Don't you know...I love, love you...  
Do you feel...it, it too...

Verse 2: Every time I look in your eyes, I see us growing old  
Together in my arms, as our love unfolds  
I just can't live without you, here by me  
You fill my life with so many things, can't you see

Chorus: That I love...love, love you...  
Do you feel...it, it too...

Verse 3: So if I come to you and ask you to be my wife  
Don't be shocked if I want you in the rest of my life  
If there's two people who deserve to be together forever  
Well, that's us dear, can't you see that more than ever

Chorus: Oh, I love...only, only you...  
Do you feel...it, it too...

Verse 4: So every time I look in your eyes, just remember dear  
You make me smile, when I'm around you here  
I felt the need to tell you, this in a song  
And since I haven't told you this in so long...

Chorus: Oh, I love you...yes I do  
Do you feel...it, it too...

*(Fade out with instrumental)*
