

"FORGIVE ME"

Verse 1: Adrift on an ocean of pain
Sailing for her love invain
'Cause you see she don't want me anymore
She walked out on me and slammed the door
Now that I look back into the past
I see who's to blame at last
It's me I know that now
And I wish I could make it up to her somehow

Chorus: I wish that she could forgive me someday
And see what I've been goin' thru
I hope it's long before she gives her heart away
To someone new

Verse 2: Now that I'm all alone
I try to call her up on the phone
To tell her that I wasn't right
For what I did last night
I've done lots of things I'm not proud of
But now I want to show her my love
And I want to show her that I can change
'Cause the power of change is in my range

Chorus: I wish that she could forgive me someday
And see what I've been goin' thru
I hope it's long before she gives her heart away
To someone new

Add: Please forgive me, please forgive me,
Please forgive me, please forgive me.....
