

## "Mary Jane"

Verse 1: Well, I gotta gal she's as cute as can be  
And when she walks by she drives everybody insane  
And though it all seems like a fairy tale land, it's all so real to me  
She's my, my, my Mary Jane

Verse 2: She's got her hair up high and she's lookin' mighty fine  
She knows just how to dress where it's not so plain  
And though all of my life I've been off track, now I'm walkin' a straight line  
She's my, my, my Mary Jane

Chorus: She makes me so happy that it hurts  
She knows just how to make it all right  
No matter how much that she flirts  
I know she'll be at home with me tonight

Verse 3: Well, I bet someday that I'll look back and see  
That my life with her wasn't all invain  
And maybe we'll be together all of our life, right thru eternity  
She's my, my, my Mary Jane

Chorus: She makes me so happy that it hurts  
She knows just how to make it all right  
No matter how much that she flirts  
I know she'll be at home with me tonight

Verse 3: Well, I bet someday that I'll look back and see  
That my life with her wasn't all invain  
And maybe we'll be together all of our life, right thru eternity  
She's my, my, my Mary Jane
