

That's All I Can Do

Verse 1: Lately I...I've been thinkin'
About me...not drinkin'
Oh, I've got to get my life in order too
That's all I...can do

Verse 2: Oh, you left me...high and dry
The day that you said goodbye
For all I did was sit around and cry over you
Oh, that's all I could do

Chorus: All I can do
Is get over you...
And follow my dreams, like I use to
Oh, that's all...I can do

Verse 3: It hurt when you left me
Don't you know, can't you see
Oh, it took me along time to see the real you
Now this is all that I can do

Verse 4: So where do I go from here
That is or was my fear
Today I'm going to live like I use too
That's all that I can do

Chorus: All I can do
Is get over you...
And follow my dreams, like I use to
Oh, that's all...I can do

Verse 1: Lately I...I've been thinkin'
That I should stop...drinkin'
Oh, I've got to get my life in order too
For, that's all I...can do
