

Key of D

"You've Been Gone Almost A Year"

- Verse 1: Today I thought I'd be fine
But I just can't get you out of my mind
Why can't I get you out of here
You've been gone almost a year
- Verse 2: Sometimes I feel like I could die
When I think of how we didn't say goodbye
Lord knows how much I loved you, dear
You've been gone almost a year
- Chorus: Tell me you'll wait for me somewhere
In the land way up there
I'll be right behind you someday
This...I...pray
- Verse 3: I remember how I felt when I was with you
And all the things we did together too
So forgive me if I mope around in tears
You've been gone almost a year
- Verse 4: They say that true love last eternally
And someday we'll live for eternity
I say this as I stand by your grave, dear
You've been gone almost a year
- Chorus: Tell me you'll wait for me somewhere
In the land way up there
I'll be right behind you someday
This...I...pray
- Add: I'll be there someday...
